RE: Docket Number E-01933A-12-0291

To Chair Stump and the Corporation Commission,

I'm part of the small business community in Tucson Electric Power territory, and I encourage you to adopt TEP's energy efficiency plan during their rate case proceeding.

Electricity bills can be a real strain on my budget, especially during hot summer months. Approving the energy efficiency plan will allow me to keep more of my revenue by investing in more energy efficiency for my business, and ultimately create job opportunities for fellow Tucsonans.

Without this plan and implementation of the standard, TEP has no incentive to conserve energy, which wastes both money and fuel.

Thank you for your consideration of this issue.

Sincerely,

George Villec - GeoInnovation LLC
